Effingham Animal Rescue Sanctuary assists pet owners in financial need by paying all but \$50 of spay or neuter fees. The \$50 co-pay must be paid to EARS on or before the day of surgery.

Owner must present to EARS a vet record indicating current vaccinations. If animal is not current, vaccinations can be done at the time of surgery for an additional charge at the owner's expense. Any other services the pet owner requests are at their own expense.

Please provide the following information which allows EARS and the vet clinic to schedule time and materials needed for the surgery.

Owner's name	
address	
email address	
phone number	
Animal's name	
breed	
gender	
age

Please return completed form and the pet's vaccination records to the above e-mail address.

Once the form is received and evaluated, ensuring that the form is complete, signed, and dated and includes an up-to-date shot record, EARS will then make arrangements with a vet clinic, and send the applicant the appointment details.

Co-pay of \$50 must be paid before the appointment. Owner is responsible for taking pet to and picking pet up from the clinic.
